

# High View Primary Learning Centre

# Transition Booklet

## Class 3DW

Class Teacher: Miss Williams

Teaching Assistants: Mrs Smith

# My New Class

When I come back I will be in: **3DW**

My classroom is: second door on corridor

The doors I use will be: **Y3/4** doors (the first doors as you come through the main gate)

My teacher is: **Miss Williams**

My teaching assistant is: **Mrs Smith**

# All about me!

## Things I Like in School:

Here I can write / draw about the things I like in school and things I am looking forward to next year. This will help me feel positive about my return to school in September.

## Year 3 Checklist:

To help me in a morning, I have a checklist of things I might need to remember. This will stop me worrying that I may have forgotten something.

Reading Record (5 reads a week)	
PE kit (Wednesday)	
Water bottle	
Swimming Kit (Thursday)	
Letters	
Reading book to change	

**You will need to enter school through ...**

the Y3/4 doors. These are the first doors you get to when you come through the main gate.

**Our cloakroom is ...**

just outside of 3HW classroom. You will have your own peg to store your coats, bags and PE kits on.

**Our classroom...**

is the second classroom on the corridor upstairs. We are very lucky as we have lots of space outside the Year 3 classrooms to do learning and have some fun.

**About Miss Williams**

I started teaching at High View 5 years ago and have spent 4 of those years in Year 3 and 1 year in Year 1. I am very much looking forward to getting to know you all and sharing the amazing learning we do in Year 3. I love teaching all aspects of the curriculum but my favourite is Science as some of you may know who came to my Science club.

I have a beautiful dog called Billy who is a Jack-a-boo, a cross between a Jack Russell and a Beagle. He is very cute and I am sure I will be sharing lots of photos of our adventures.

**Teaching Assistants**

**Mrs Smith**

*My name is Mrs Smith*

Over the holidays I might feel some worries or have some questions. My grown-up can contact Miss Williams if they feel urgent but I can also write them down on this table to see how they can be resolved. On the first day back my questions can be answered.

My Worries	How I / others can help

### Timetable info / Rough outline of week

Although no two days are the same in Y3, we follow a timetable to make sure we fit all of the fun learning in to the week!

It looks something like this:

Morning Work

Register

Phonics/Guided Reading

Maths

Assembly

Spellings/Literacy

Lunch

Wider Curriculum (History, Geography, Science, Computing, Art, DT, Music, RE, PSHE, Spanish)

Home time

### General information

- Please bring PE kits ready for PE on a **Wednesday** and take them home at the weekend for washing.
- Classroom doors open at **8:50** (10 minutes to 9) in the morning
- **No jewellery** should be worn for PE. Please try to avoid jewellery for schools but watches are helpful for learning about time.
- Please remember to label all uniform with your full name and class to prevent it from getting lost.
- School Dinners: school dinners change each week on a 3 week rota. You can choose from traditional, vegetarian, grab-a-bag, jacket potato and pasta pot on certain days.

### Our Curriculum

Our exciting curriculum is divided in to three terms:

We cover some amazing topics in year 3 and go on some wonderful learning adventures!

We begin our year with our whole school topic: People who help us! In year 3 we begin with Fire Starters! We will start our journey in the Stone Age and see how their way of life has helped us today.

In Spring 1 & 2, we will continue our journey through ages to the Bronze age and the Iron Age. We will look at how crime and punishment has changed over the years. We also have a visit from the fire service and take a trip to Creswell Crags. In geography, we start with a BOOM! We will investigate the world's violent volcanoes, earthquakes and tsunamis

In the Summer term, we dive into all things chocolate with our new topic: Choco Block. We will look at the Ancient Maya Civilisation and take a trip to the Chocolate Story in York! We will also explore plants and learn about why they are so important to us in our science topic, Blooming Lovely!

As well as our exciting topics, you will also learn vital life skills such as a new language - Spanish 'Hola, ¿Cómo estás?' and how to swim in our school swimming lessons every Thursday morning up to Spring 1.

It's going to be a busy year packed with lots of learning, discovering and fun— I hope you are as excited as we are!
