## **Introduction**

At High View Primary Learning Centre, we recognise the contribution of PE and sports to the health and well-being of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the behaviour, concentration, attitude and academic achievement of all our children.

## **What is the Sports Premium?**

The funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. For the year 2021/22 the sports premium has been doubled; each school receives £20,100 which includes the extra £10 per pupil each year. The money can only be spent on sport and PE provision in schools.

## **Purpose of the funding**

Schools have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

The DfE has advised possible uses of the funding to include:

- Hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- New or additional Change4Life sport clubs
- Paying for professional development opportunities in PE/sport
- Providing cover to release primary teachers for professional development in PE/sport
- Running sport competitions, or increasing participation in the school games
- Buying quality assured professional development modules or material for PE/sport
- Providing places for pupils on after school sport clubs and residential visits

## **Utilisation of the Funding by the school**

For the academic year 2021-22, we received funding of £20,100. This money is to be contributed to the ongoing initiatives from previous years which have proved very successful:

### **Swimming Data:**

<p>Meeting national curriculum requirements for swimming and water safety.</p> <p>N.B. Complete this section to your best ability. For example you might have practised safe self-rescue techniques on dry land which you can then transfer to the pool when school swimming restarts.</p> <p><b>Due to exceptional circumstances priority should be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the NC programme of study</b></p>	<p>In the past academic year, all pupils in Year 3 attended the expected swimming sessions. In 2019 and 2020 all pupils attended again the swimming sessions based on completing these in the autumn, spring term. Those who had previously not reached the 25m confident swim were invited to continue the next year to reach this milestone</p>
<p>What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?</p> <p><b>N.B.</b> Even though your pupils may swim in another year please report on their attainment on leaving primary school at the end of the summer term 2020.</p> <p>Please see note above</p>	<p>100%</p>
<p>What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?</p> <p>Please see note above</p>	<p>%</p>
<p><b>What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?</b></p>	<p>%</p>
<p>Schools can choose to use the Primary PE and sport premium to provide additional provision for swimming but this must be for activity <b>over and above</b> the national curriculum requirements. Have you used it in this way?</p>	<p>Yes/No</p>

Key indicator 1: The engagement of all pupils in regular physical activity – Chief Medical Officers guidelines recommend that primary school pupils undertake at least 30 minutes of physical activity a day in school.				Percentage of total allocation:
School focus with clarity on intended impact on pupils:	Actions to achieve	Evidence and impact:	Funding	Sustainability and suggested next steps:
<p>-Key Stage 2 pupils have access to physical activity for 20 minutes before school to understand the need for daily exercise, teamwork, fitness and hand eye co-ordination. Structured/Planned activities at break and lunch to support engagement, exercise and socialisation.</p> <p>-Playground Leaders to develop physical activity to increase fitness and exercise for well-being and socialisation. -Pupils to widen their knowledge of activities to take part in, organising them and coaching others by being sporting role models and sports ambassadors to provide a wider range of physical activities at lunch time to develop a passion for sport and exercise (gymnastics, dance, yoga) -Further develop the capacity of sports coaches to</p>	<p>Advertise morning move it, monitor the participation of pupils and grouping. School council to explore the activities to evaluate the interests and needs of the pupils. Staff to monitor and support the clubs to encourage pupils to take part.</p> <p>Develop and train children as playground friends and sporting role models to further encourage their peers to participate in a range of physical activities. Resource Audit to ensure correct equipment is provided to meet the needs and interests of pupils.</p>	<p>-All staff are trained in how to engage children in physical activities during morning and lunchtime play -A wide range of sporting activities are offered at playtimes with specialist activities for Reception and Key Stage 1 children, to ensure that all children are active for more than 30 minutes a day. -Pupil voice shows that the majority of children partake in team games such as football, table tennis, basketball and king ball, led by trained support staff and other pupils during playtime and lunchtime play - Sports coaches are strong role models for all children modelling the impact of regular physical activity for the children.</p>	<p>£11,300 for sports coach.</p> <p>£7500</p>	<p>-Further develop the role of playground leaders through training and resourcing to encourage participation in a wider range of physical activities for EYFS and KS1 children at break time - Gain further pupil opinion, through surveys and School Council on what games and equipment will increase motivation and participation -Increase the participation of the children in the Daily Mile initiative -Use sporting role models as inspiration to be more active</p>

deepen the breadth of sporting activities provided for all children, but especially KS1, during lunchtime play.				
Evaluation:	Daily morning move it sessions for KS2 has continued all year. The uptake on average is around 13% of the cohort accessing this provision (30-40). There is a timetable with organised physical activities for breaks and lunch to ensure more pupils are being active through the playground leaders. This has been extremely effective with more high-quality provision and peer to peer support. Pupil voice, behaviour analysis has evidenced the impact in the positive approach pupils have of the importance of being active, the knowledge of strategies and games and that through leadership the support and guidance is effective. The use of the courts at lunch and break has continued to be well utilised. Equipment has been bought to support this. Living Streets travel tracker was implemented at the start of the year, which in turn has seen a significant increase in our children actively travelling to school			

Key indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement				Percentage of total allocation:
School focus with clarity on intended impact on pupils:	Actions to achieve	Evidence and impact:	Funding	Sustainability and suggested next steps:
